Tech: Hello, this is Blendtec customer service returning your call. How can I help you?

Customer: Yeah, so you guys had a recall on the little, small Blendtec blenders. The little mini ones. You guys had a recall. I got it from Costco, and I did what it said. It told me to cut the, that part out, send it to you, send the, you know the email, the attachment and all that. And I did that, but I have not heard from you guys since, and that's been a while. So how do I?

Tech: Sorry, are you talking...

Customer: Do you know when they had the recall?

Tech: We don't have any recalls. I think you are calling the wrong company.

Customer: You had a, Blendtec?

Tech: We are Blendtec.

Customer: Oh, no, no, not Blendtec. BlendJet. You guys are BlendJet, right?

Tech: Exactly.

Customer: Yeah, so it's BlendJet.

Customer: Oh, you. Okay, I got the wrong one. Okay. Okay, thank you.

Tech: Yeah.
